

CLEANUP – CLEAN AIR

DIESEL EMISSIONS & GREEN HOUSE GAS REDUCTIONS

Implementing Cleanup – Clean Air Initiative

- On-going energy efforts in Superfund program
- Develop Smart Energy Resources Guide (SERG) to make it easier for RPMs and other site managers
- Demonstrate feasibility with Cleanup Clean Air pilot projects
 - Hunters Point Naval Shipyard (vehicle retrofit/cleaner fuel)
 - San Francisco, CA
 - Whittier Narrows Superfund Site (pump schedule optimization)
 - Whittier, CA
 - Pemaco Superfund Site (solar)
 - Maywood, CA
 - Hassayampa Landfill Superfund Site (biomass)
 - Buckeye, AZ
